SUMMARY

Aspiring Data Analyst pursuing a B.Tech in Computer Science & Information Technology, with expertise in data analysis, machine learning, and data visualization. Skilled in Python, SQL, Power BI, and data-driven problem solving, with a passion for transforming complex datasets into actionable business insights and impactful solutions.

PROFESSIONAL EXPERIENCE

Bluestock Fintech , Data Analyst

04/2026 – 06/2026 | Remote

- Worked on real-world fintech and stock market datasets for analysis and reporting
- Performed data cleaning, preprocessing, and transformation using Pandas/Python
- Created analytical reports and dashboards for business insights
- Executed multiple assigned tasks within deadlines while collaborating remotely
- Improved data analysis and problem-solving skills through practical projects
- Learned and applied tools like SQL, Excel, Python, Power BI during internship

EDUCATION

Btech in Computer Science and Information technology, IPS Academy Indore

09/2023 – Present

Higher Secondary, Maharishi Vidya Mandir

02/2021 – 04/2022

PROJECTS

EDA & Feature Extraction

- Built and trained machine learning models to predict results.
- Performed data cleaning, feature engineering, and exploratory data analysis using Pandas and NumPy.
- Evaluated model performance using accuracy, precision, recall, and confusion matrix.
- Developed visualizations and insights to support data-driven decision making.

Tech Stack: Python, Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, Jupyter Notebook.

Covid-19 Analysis

- Developed an end-to-end COVID-19 analytics pipeline using Python, Pandas, and NumPy to collect, clean, and analyze global pandemic data.
- Performed EDA and created visualizations to identify trends in cases, mortality rates, and continent-wise spread.
- Integrated World Bank socioeconomic indicators (GDP, population, healthcare expenditure) to analyze their relationship with COVID-19 outcomes.
- Used Matplotlib, Seaborn, Jupyter Notebook, and Git for analysis, visualization, and project management.

Tech Stack: Python, Pandas, NumPy, Matplotlib, Seaborn, Power BI, Jupyter Notebook, Git.

Musical Store-Analysis

- Analyzed a digital music store database with 11 relational tables to solve 20+ business problems related to customer behavior, sales, and revenue.
- Developed advanced SQL queries using JOINS, Subqueries, CTEs, Window Functions, and Aggregate Functions to generate business insights.
- Performed customer segmentation, genre performance analysis, country-wise revenue analysis, and employee performance evaluation.
- Applied relational database concepts, multi-table joins, and query optimization techniques for efficient data analysis.

Tech Stack: SQL, PostgreSQL/MySQL, CTEs, Window Functions, Joins, GitHub.

SKILLS SUMMARY

• Languages : Python , SQL , HTML , CSS ,

• Technical Skills: Machine Learning, Data Analytics, Web Development, Natural Language Processing (NLP)

• Frameworks & Libraries: Pandas, NumPy, Matplotlib, Seaborn, Excel

• Tools : Power BI , MS Word , Powerpoint , Canva

• Platforms : Visual Studio Code , Jupiter Notebook , PyCharm , Cursor

CERTIFICATES

IIT BOMBAY

- Completed Python Certification from IIT Bombay with hands-on experience in Python programming, problem-solving, data handling, and application development.

IIT BOMBAY

- Completed SQL Training from IIT Bombay, building a strong foundation in database management, SQL queries, and relational database concepts.

Internshala

- Completed Web Development Training from Internshala, gaining hands-on experience in HTML, CSS, JavaScript, responsive design, and building dynamic web applications

Scaler

- Completed SQL Training from Scaler, gaining hands-on experience in SQL queries, joins, subqueries, relational databases, and data management operations.

ORGANISATIONS

Nation Service Scheme, Student Volunteer

10/2023 – Present | Indore,India

Active NSS Volunteer with strong teamwork, leadership, communication, and community engagement skills gained through social service and awareness programs.

IMS Institute, Teacher

06/2024 – 08/2025 | Indore,India

- Worked as a Teaching Assistant at IMS Institute, developing strong communication, mentoring, presentation, and student engagement skills while supporting academic learning and problem-solving.
